

PAS Helpline

Before you surrender your pet to the shelter, you can call the new PAS Helpline - developed to assist pet owners who are facing difficult circumstances. Here's how it works:

- Call the helpline before surrendering your pet.
- Tell us about your situation.
- We'll share information on available options.

Examples of the assistance available are:

- Medical care for pets
- Pet food
- Minor fence repairs
- Dog training for behavior issues
- Help with re-homing a dog or cat through home-home.org

To speak to a PAS Helpline representative, call 208-217-4453 or email helpline@pasidaho.org.

PAS Helpline is available thanks to the Petco Foundation.
